

ODS Website New Form for General Anesthesia Approvals!

June 10, 2022

Dear ODS provider,

In our ongoing effort to provide operational efficiencies to our valued OHP dentists and team members we have updated the General Anesthesia Approval Request Form.

The form can now be submitted online directly to ODS. You will no longer need to submit the form by email.

On Wednesday, June 15, we will replace the existing PDF form with the new online form. The fields have not changed so this form will be very easy to navigate. There are some special considerations we would like to bring to your attention-

- The new online form includes three categories for attachments; treatment plan, x-rays, and chart notes.
- Multiple files can be attached to each category but you must "select all" from your local device and upload all files at the same time.
- You will receive a file count confirmation when multiple files are attached and the file name confirmation when one file is attached.
- The email address on the existing PDF form will no longer be active as of June 15. **Please discontinue sending any correspondence to:** ODSGAOnlyReview@modahealth.com.

We are here to help! Contact ODS dental case management at 844-274-9124 or dentalcasemanagement@modahealth.com for assistance. Our hours are Monday-Friday, 7:30am-5:30pm.

Thank you,

ODS Community Dental
